We will keep you updated on our progress. This is an exciting new opportunity for APD. TRAIN Florida is your ticket to SUCCESS!!

TRAIN (TrainingFinder Real-time Affiliate Integrated Network) is a nationwide public health learning resource and management system. TRAIN provides a catalog of web-based distance learning courses. Learners can use the TRAIN system to network with other state and federal agencies, international organizations, educational institutions, and all APD courses will be available online at no cost to the user. The APD is working in partnership with the Department of Health to provide this excellent training resource to APD clients and their families, APD employees, and service providers.

The goal for TRAIN Florida is to provide a user friendly enterprise to aid in developing and sustaining a competent and qualified workforce, and to create a system network for sharing training content, resources and information throughout Florida.

Through TRAIN Florida, you can:

- Access more than 37,000 national courses,

How can I Register in TRAIN Florida?

If you are a provider or employee with the Agency for Persons with Disabilities the following information will help you.

PLEASE DO NOT CREATE A TRAIN FLORIDA LEARNER ACCOUNT

The TRAIN Florida LMS Support team has automated the account creation process. The team will create learner accounts for all new TRAIN Florida users associated with the Agency for Persons with Disabilities. In the next few months, we will be downloading all providers and APD employees in the LMS system. (If you have an existing TRAIN Florida login, you will retain that account and we will not create a new account).

Thank you for your patience. Our goal is to launch the TRAIN Florida LMS by spring 2016. We will keep you updated on our progress. If you have questions or need additional assistance, please contact TRAIN Florida Support Team at APD.lmssupport@apdcares.org.
