Section 26. In order to implement Specific Appropriation 245 of the 2019-2020 General Appropriations Act, subsection (10) of section 393.0661, Florida Statutes, is amended to read:

393.0661 Home and community-based services delivery system; comprehensive redesign.— The Legislature finds that the home and community-based services delivery system for persons with developmental disabilities and the availability of appropriated funds are two of the critical elements in making services available. Therefore, it is the intent of the Legislature that the Agency for Persons with Disabilities shall develop and implement a comprehensive redesign of the system.

(10) Implementation of Medicaid waiver programs and services authorized under this chapter is limited by the funds appropriated for the individual budgets pursuant to s. 393.0662 and the four-tiered waiver system pursuant to subsection (3). Contracts with independent support coordinators and service providers must include provisions requiring compliance with agency cost containment initiatives. The agency shall implement monitoring and accounting procedures necessary to track actual expenditures and project future spending compared to available appropriations for Medicaid waiver programs. When necessary based on projected deficits, the agency must establish specific corrective action plans that incorporate corrective actions of contracted providers that are sufficient to align program expenditures with annual appropriations. If deficits continue during the 2018-2019 fiscal year, the agency in conjunction with the Agency for Health Care Administration shall develop a plan to redesign the waiver program and submit the plan to the President of the Senate and the Speaker of the House of Representatives by September 30, 2019. At a minimum, the plan must include the following elements:

(a) **Budget predictability.**—Agency budget recommendations must include specific steps to restrict spending to budgeted amounts based on alternatives to the iBudget and four-tiered Medicaid waiver models.

(b) **Services.**—The agency shall identify core services that are essential to provide for client health and safety and recommend elimination of coverage for other services that are not affordable based on available resources.

(c) **Flexibility.**—The redesign shall be responsive to individual needs and to the extent possible encourage client control over allocated resources for their needs.

(d) **Support coordination services.**—The plan shall modify the manner of providing support coordination services to improve management of service utilization and increase accountability and responsiveness to agency priorities.
(e) Reporting.—The agency shall provide monthly reports to the President of the Senate and the Speaker of the House of Representatives on plan progress and development on July 31, 2019 and August 31, 2019.

(f) Implementation.—The implementation of a redesigned program is subject to legislative approval and shall occur no later than July 1, 2014. The Agency for Health Care Administration shall seek federal waivers as needed to implement the redesigned plan once approved by the Legislature.
