Agency Priorities

• Fiscal Accountability/Cost-Containment
  – The Home and Community Based Services (HCBS) waiver program currently has a $39.9 million ($17.02 million GR) carry-forward deficit (from prior years)
  – However, APD projects expenditures to be within appropriations for Fiscal Year 2012 – 13 in the HCBS waiver program
  – As a result of cost-containment efforts between the Legislature, the Governor’s Office, and APD, the Agency’s waiver expenditures were reduced by more than $70 million during Fiscal Year 2011 – 12 while still ensuring customer health, safety, and community living
Agency Priorities

• Employment
  – Approximately 3,100 APD customers are competitively employed and are making an average of $8.49 per hour
  – Over 9,000 APD Customers would like to be competitively employed and APD is working diligently with public and private partners to assist these individuals
  – A specific focus will be placed on assisting those that are in transition from the school system to post high school employment (age 16-24)
