

PROVIDER ADVISORY #2023-001
FDDC Dual Diagnosis Training Project - Survey

EFFECTIVE DATE: IMMEDIATELY

The National Association for the Dually Diagnosed (NADD), in collaboration with the Florida Developmental Disabilities Council (FDDC), is conducting a survey in the goal of compiling an annotated list of existing dual diagnosis-related trainings and policies/procedures related to these trainings. You have received this message as an identified stakeholder, and as stated in the introductory email, your participation is entirely voluntary. Your email address and survey responses will not be shared with anyone outside of the Council or NADD. To access the survey, please click the following link below, which will take you directly to the survey on SurveyMonkey.

<https://www.surveymonkey.com/r/FDDCDDPoliciesandtrainingquestionnaire>

We will be concluding the survey on **Monday, February 20, 2023**. Between now and then, we will send out reminder emails periodically. In gratitude of you taking the time to complete this, we will email you a training video covering the basics of how to work effectively with individuals with intellectual disabilities and mental health conditions. Everyone who completes the survey will receive this video by February 25, 2023. The video will feature a master trainer and expert in the field of dual diagnosis, and you'll have unlimited use of the video as a training resource.

Thank you again for your consideration in taking this important survey. The information you provide will be valuable in ensuring the success of this project, which ultimately will increase the effectiveness of dual diagnosis trainings and availability of community resources to families, school and agency personnel.
