

**PROVIDER ADVISORY #2023-017
FY 2023-2024 SERVICE AUTHORIZATIONS**

INFORMATIONAL

EFFECTIVE DATE: JUNE 30, 2023

Most service authorizations for Fiscal Year 2023-2024 are available for Waiver Support Coordinators (WSCs) to generate and send to providers. WSCs may provide remaining FY 2023-2024 authorizations no later than July 10, 2023. Providers should continue providing services at existing levels to ensure continuity of services. If a provider has a question about their service authorizations for July 1, they should contact the WSC. As always WSCs should let providers know of any change in service provision prior to the change.
