

PROVIDER ADVISORY #2020-010
PROVIDER RATE INCREASE

ACTION REQUIRED

EFFECTIVE DATE: JULY 1, 2020

APD will implement a rate increase for Respite services appropriated by the 2020 Legislature effective July 1, 2020.

The agency will adjust any currently approved service authorizations for the impacted service with the effective date of July 1, 2020. APD is working with AHCA to make the new rates available in the FMMIS system with an effective date of July 1. Once the rates are available, APD will notify providers so that they can bill at the new rate.

APD will make automatic adjustments to any service plan in APD iConnect and adjust consumer budgets accordingly. Waiver Support Coordinators are responsible for sending updated service authorizations to providers as updates are made.

If a provider has a question about their service authorization for July 1, they should contact their customer's WSC. As always, WSCs should let providers know of any change in service provision prior to the change.
