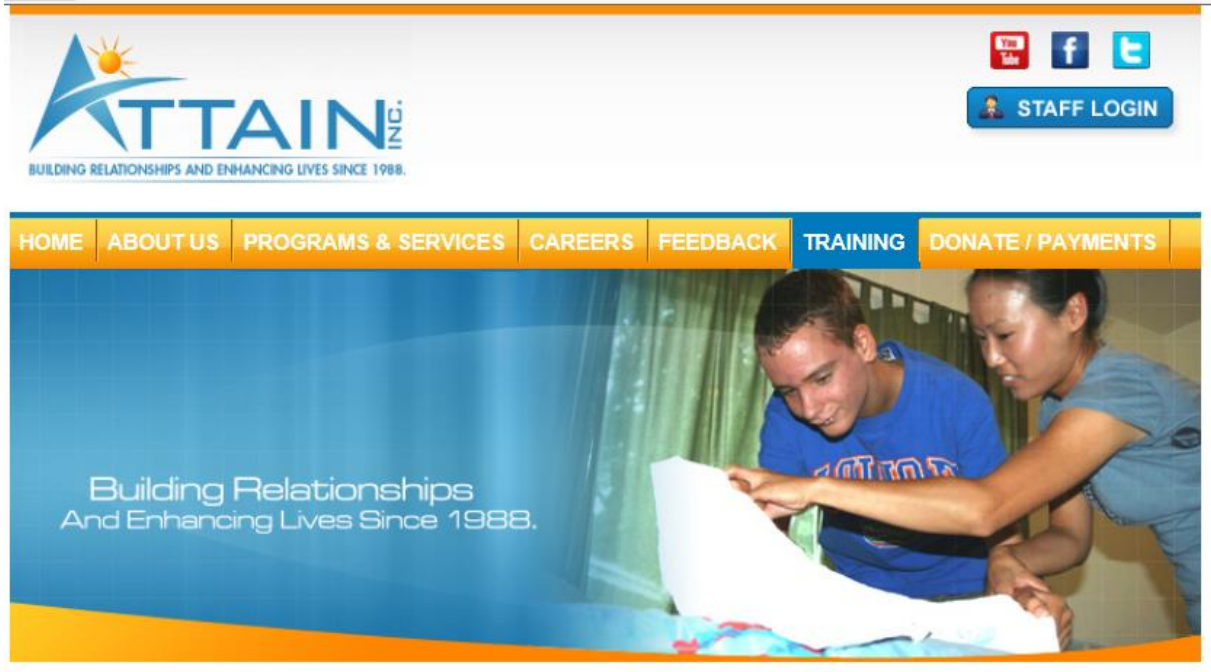
The APD HIPAA course is a blended learning series course that comprises the following sections:



TRAINING

FREE HIPAA TRAINING PROVIDED BY ATTAIN, INC.

The Florida Agency for Persons with Disabilities requires all service providers and their employees to complete HIPAA training annually. Attain, Inc. HIPAA course was developed in partnership with the Agency for Persons with Disabilities (APD). Attain, Inc.'s HIPAA course meets the annual HIPAA training requirement as required in the Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook. Attain, Inc.'s HIPAA course is listed as an approved course in the Developmental Disabilities Waiver Services Coverage and Limitations Handbook.

Attain, Inc.'s HIPAA course is an online course with questions for the learner that are embedded within the course. A learner must score 85% or better on quiz questions and view 52 of 52 slides to successfully complete the course. Once the course has been successfully completed, the learner will be able to print off a certificate of completion. If the learner did not successfully complete the course or loses their certificate, the learner will need to retake the course. To retake the course, delete Internet Explorer browser cookies.

The user will be able to download the certificate once they close the window for the HIPAA course. The certificate will also be emailed to the user.

Note: Please ensure pop up blockers are turned off before beginning the course.

HIPAA Course Troubleshooting

This course is being offered to you for FREE. To keep the course free, the scope of the technical support offered by Attain, Inc. is limited to identification of errors in the HIPAA course content. Users must view all slides and correctly answer 85% of the questions and view 52 of 52 slides in order to receive a certificate. If you are having difficulty retrieving the certificate upon completion of the course, please review these troubleshooting suggestions below and retake the course.

- Ensure Pop up blocker is turned off before beginning the course.
- Internet Explorer is the recommended internet browser for use with the course.
- The user will be able to download the certificate once they CLOSE the Internet Explorer window for the HIPAA course. A copy of the certificate will also be emailed to the email address entered during registration.
- Add noreplies@brainshark.com as a safe sender in your address book prevent the certificate from being blocked by your email program as spam.
- The HIPAA Course will not work correctly for users using Apple iOS devices, Safari, or Chrome internet browsers.
- The HIPAA course has not been tested on Macintosh operating systems.
- If you need to retake the course, delete Internet Explorer browser cookies.
- No phone support is available to users as Attain, Inc. does not obtain any financial support to offer this course.
- If you are having difficulty obtaining a certificate, users should contact their own IT support staff/departments.

Note: Please ensure pop up blockers are turned off before beginning the course.
