The Agency for Persons with Disabilities ~~must~~ ~~may~~ close the application if missing information is not provided within 45 calendar days of the request by the Agency. The qualifications to provide services are identified in the Handbook.

~~(d)(b)~~ If a ~~W~~waiver provider wishes to, expand by providing additional services, expand services geographically, or expand from solo to agency, the provider must notify the Agency regional office by submitting a Provider Expansion Request form – APD Form 65G-4.0215 C 2015-04, effective date _____ ~~8-20-2013~~, which is hereby incorporated by reference and is available at <http://www.flrules.org/Gateway/reference.asp?No=Ref-07076>. The Agency regional office must approve any expansion prior to the provision of expanded services. ~~Before the Agency regional office approves a provider for expansion, the Agency regional office must determine that the provider meets the provider qualifications and has:~~ The qualifications to provide or expand services are identified in the Handbook.

- ~~1. An 85% or higher on their last Quality Assurance Organization (QIO) report. If a provider does not have a history of a QIO review, this does not prevent consideration for expansion;~~
- ~~2. No identified alerts (i.e., background screening, medication administration, and validation);~~
- ~~3. No unresolved billing discrepancies or plan of remediation;~~
- ~~4. No adverse performance history relating to the health and safety of individuals served; and,~~
- ~~5. No open investigations or referrals to the Agency for Health Care Administration (AHCA) and the Department of Children and Families (DCF).~~

~~Agency staff shall check with the provider's home regional office to determine whether there is a history of complaints filed and logged on the remediation tracker, any open investigations or referrals to AHCA's Medicaid Program Integrity (MPI) or the Attorney General's Medicaid Fraud Control Unit (MFCU), or DCF. The Agency shall make the determination required under this paragraph in not more than 90 days.~~

- ~~7. The client individual is no longer able to be maintained safely in the community.~~

~~If a client individual is disenrolled from the Wwaiver and becomes eligible for reenrollment within 365 days that client individual can return to the Wwaiver and resume receiving Wwaiver services. If Wwaiver eligibility cannot be re-established or if the client individual who has chosen to disenroll has exceeded this time period, the client individual cannot return to the Wwaiver until a new Wwaiver vacancy occurs and funding is available. In this instance, the client individual is added to the Waiting List ~~waitlist~~ of clients individuals requesting Wwaiver participation. The new effective date is the date eligibility is re-established or the client individual requests reenrollment for Wwaiver participation.~~

eligibility worksheet that establishes a level of care, then the Agency will review the circumstances to determine if the client individual should be removed from the Waiver for failing to comply with specific eligibility requirements. Any such decision by the Agency shall provide written notice to the client individual, the client's legal individual's representative and the WSC, at least 30 days before terminating services.

(d) ~~Clients Individuals~~ denied services shall have the right to a fair hearing. ~~Clients Individuals~~ are exempted from this provision if they do not have the ability to give informed consent and do not have a legal guardian or individual representative. 1. If additional documentation is requested, the deadline for the Agency's response shall be extended to 60 days following the receipt of the original request. In the event a WSC does not submit a request for SANs and the individual, the individual's representative or the client advocate disagrees with the WSC's failure to submit a SAN funding request, or if the individual or the individual's representative or client advocate are unsatisfied with the request submitted, the individual or the individual's representative may submit the SANs request to the applicable Agency regional office.

(1) When ~~a client's~~ ~~an individual's~~ iBudget Amount is determined, the WSC must submit a cost plan proposal, which includes a completed Certification of Available Services form, that reflects the specific Wwaiver services and supports (paid and unpaid) that will assist the ~~client~~ ~~individual~~ to achieve identified goals, and the provider of those services and supports, including natural supports. The cost plan proposal is derived from person-centered planning. The Certification of Available Services form is a material part of the cost plan proposal. Failure to include the Certification of Available Services form will result in a denial of the cost plan.

(2) The WSC shall provide documentation for requested services as specified in Section C of the WSC Cost Plan and Significant Additional Needs Job Aid to document medical necessity and compliance with Handbook coverage and limitations.

~~(3)~~(2) Each client's ~~individual's~~ proposed iBudget cost plan shall be reviewed and approved by the Agency in conformance with the iBudget Rules and the Handbook. Any conflict between the Handbook and these iBudget Rules shall be resolved in favor of these rules.

65G-4.0218 Significant Additional Need Funding.

(1) Supplemental funding for Significant Additional Needs (SANs) may be of a one-time, temporary, or long-term in nature, ~~including the loss of Medicaid State Plan or school system services due to a change in age.~~ SANs funding requests must be based on at least one of the four categories, as follows:

~~(a) An extraordinary need that would place the health and safety of the client, the client's caregiver, or the public in immediate, serious jeopardy unless the increase is approved. An extraordinary need may include, but is not limited to:~~

~~1. A documented history of significant, potentially life-threatening behaviors, such as recent attempts at suicide, arson, nonconsensual sexual behavior, or self-injurious behavior requiring medical attention;~~

~~2. A complex medical condition that requires active intervention by a licensed nurse on an ongoing basis that cannot be taught or delegated to a nonlicensed person;~~

~~3. A chronic comorbid condition. As used in this subparagraph, the term "comorbid condition" means a medical condition existing simultaneously but independently with another medical condition in a patient, or~~

~~4. A need for total physical assistance with activities such as eating, bathing, toileting, grooming, personal hygiene, lifting, transferring or ambulation.~~

~~However, the presence of an extraordinary need alone does not warrant an increase in the amount of funds allocated to a client's iBudget as determined by the algorithm.~~

~~(b) A significant need for one-time or temporary support or services that, if not provided, would place the health and safety of the client, the client's caregiver, or the public in serious jeopardy, unless the increase is approved. A~~

significant need may include, but is not limited to, the provision of environmental modifications, durable medical equipment, services to address the temporary loss of support from a caregiver, or special services or treatment for a serious temporary condition when the service or treatment is expected to ameliorate the underlying condition. As used in this subparagraph, the term “temporary” means a period of fewer than 12 continuous months. However, the presence of such significant need for one-time or temporary supports or services alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(c) A significant increase in the need for services after the beginning of the service plan year that would place the health and safety of the client, the client’s caregiver, or the public in serious jeopardy because of substantial changes in the client’s circumstances, including, but not limited to, permanent or long term loss or incapacity of a caregiver, loss of services authorized under the state Medicaid plan due to a change in age, or a significant change in medical or functional status which requires the provision of additional services on a permanent or long term basis that cannot be accommodated within the client’s current iBudget. As used in this subsection, the term “long term” means a period of 12 or more continuous months. However, such significant increase in need for services of a permanent or long term nature alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(d) A significant need for transportation services to a waiver-funded adult day training program or to a waiver-funded supported employment where such need cannot be accommodated within the funding authorized by the client’s iBudget amount without affecting the health and safety of the client, where public transportation is not an option due to the unique needs of the client, and where no other transportation resources are reasonably available. However, such increases may not result in the total of all clients’ projected annual iBudget expenditures exceeding the agency’s appropriation for waiver services.

(2) The presence of a significant additional need or significant change in condition or circumstance alone does not warrant an increase in the amount of funds allocated to a client’s iBudget as determined by the algorithm.

(3)(2) A client’s annual expenditures for home and community-based services Medicaid Wwaiver services may not exceed the limits of his or her iBudget. The total of all clients’ projected annual iBudget expenditures may not exceed the Aagency’s appropriation for Wwaiver services.

(4) SANs can only be approved after the determination of a client’s initial allocation amount and after the WSC has documented the availability of non-Waiver resources on the Certification of Available Services form, and requires:

(a) The client to have a significant additional need as defined in this chapter; and

(b) The significant additional need is not created by the client’s failure to ensure that funding remained sufficient to cover services previously authorized in accordance with subsections 65G-4.0215(2) and (4), F.A.C.

(5)(3) For any SANs request, Tthe WSC shall submit a SANs request eost plan proposal that reflects the specific Wwaiver services and supports (paid and unpaid) that will assist the client individual to meet achieve identified needs, goals, and the provider of those services and supports, including natural supports, with all required supporting documentation as specified in the WSC Job Aid for Cost Plans and Significant Additional Needs Documentation. The request should also include an explanation of why additional funding is needed, and any additional documentation appropriate to support the request. If there are any concerns about the accuracy of the QSI results the WSC shall submit this information as well. The documentation identified in the WSC Job Aid is material to the SANs requests. The Agency must close or deny the SANs request without such documentation.

(a) The SANs request eost plan proposal shall be submitted indicating how the current budget allocation and requested SANs funds would be used. The request should also include an explanation of why additional funding is needed, and any additional documentation appropriate to support the request.

(b) Documentation of attempts within the last 30 days prior to submitting the SANs request to locate natural or community supports, third-party payers, or other sources of support to meet the client’s individual’s health and safety needs must also be certified by the WSC on the Certification of Available Services form submitted.

(c) If there are any concerns about the accuracy of the QSI results, the WSC shall submit this information as well.

(6)(4) If a client’s an individual’s iBudget Amount(4) includes Significant Additional Needs beyond what was

determined by the Allocation Algorithm, and the Agency determines that the ~~service~~ intensity, frequency or duration of the service(s) is no longer medically necessary, the Agency will adjust the client's individual's services to match the current need.

(7)(a) The Agency will not consider incomplete SANs requests due to lacking material information to determine whether SANs criteria are met. A SANs request is incomplete if it does not:

1. Provide detail of the client's current approved services, including the number and type of units and dollar amount for each service. The client to staff ratio, if applicable, must also be included;
2. Clearly indicate whether the current approved services are requested to continue on an annualized basis;
3. Clearly identify any new or increased services being requested in the current fiscal year and on an annualized basis, if applicable to that service type;
4. Include a complete Certification of Available Services Form;
5. Include documentation to support the information provided in the Certification of Available Services Form, or identify the location of the currently valid documentation in the designated data management system;
6. Place the request in the proper status for submission in the designated data management system; or
7. Include certification that the request meets the criteria for SANs.

(b) The Agency shall close incomplete SANs requests upon receipt.

~~(8)(5)~~ The Agency will request the documentation and information necessary to evaluate a client's an individual's increased funding requests based on the client's individual's needs and circumstances. The documentation will vary according to the funding request and may include the following as applicable: support plans, results from the Questionnaire for Situational Information, cost plans, expenditure history, current living situation, interviews with the client individual and his or her providers and caregivers, prescriptions, data regarding the results of previous therapies and interventions, assessments, and provider documentation. ~~Paragraphs (a) through (e), set forth examples of the types of documentation the Agency utilizes in reviewing SANs funding requests in specific circumstances.~~

~~(a) For an extraordinary need that would place the health and safety of the client, the client's caregiver, or the public in immediate, serious jeopardy unless the increase is approved:~~

- ~~1. A documented history of significant, potentially life threatening behaviors, such as recent attempts at suicide, arson, nonconsensual sexual behavior, or self injurious behavior requiring medical attention:
 - ~~a. Psychological assessments/Psychiatric reports.~~

- ~~4. A need for total physical assistance with activities such as eating, bathing, toileting, grooming, personal hygiene, lifting, transferring or ambulation.
 - ~~a. Updated QSI.~~
 - ~~b. Documentation from caregivers.~~~~

~~(b) For a significant need for one time or temporary support or services that, if not provided, would place the health and safety of the client, the client's caregiver, or the public in serious jeopardy, unless the increase is approved. A significant need includes, but is not limited to:~~

- ~~1. The provision of environmental modifications:
 - ~~a. Documentation of approval from landlord, if home is rented.~~
 - ~~b. Documentation of ownership of the home by the client or their family.~~
 - ~~c. The appropriate number of bids per the Handbook.~~
 - ~~d. Home Accessibility Assessment if over \$3,500.~~
 - ~~e. Documentation of how environmental modifications would ameliorate the need.~~~~
- ~~2. Durable Medical Equipment:
 - ~~a. Prescription and recommendation by a licensed physician, ARNP, physician assistant, PT or OT.~~

- ~~4. Special services or treatment for a serious temporary condition when the service or treatment is expected to ameliorate the underlying condition. Temporary means a period of fewer than 12 continuous months.~~

~~(c) A significant increase in the need for services after the beginning of the service plan year that would place the health and safety of the client, the client's caregiver, or the public in serious jeopardy because of substantial changes in the client's circumstances, including, but not limited to:~~

- ~~1. Permanent or long term loss or incapacity of a caregiver:
 - ~~a. Same criteria as subparagraph (b)3., above.~~~~
