**Home and Community Based Services (HCBS) Waiver
Monthly Surplus-Deficit Report for
Waiver Program Expenditures**

January 20, 2016

Appropriations and Expenditure Information

The Fiscal Year 2015-16 General Appropriations Act, Senate Bill 2500-A, includes proviso language for the Home and Community Based Services (HCBS) Waiver directing the Agency for Persons with Disabilities (APD) to provide the Governor, the President of the Senate, and the Speaker of the House of Representatives with monthly surplus-deficit reports projecting the total Medicaid waiver program expenditures for the fiscal year along with any corrective action plans necessary to align program expenditures with annual appropriations in accordance with sections 393.0661 (8) and (9), Florida Statutes. The Social Services Estimating Conference approved the reporting format and established a baseline based on the appropriations. The adopted baseline is the sole basis of comparison for any projected surplus or deficit reflected in the reports and discrete adjustments are made with a separate entry showing each change. Sources of data are the General Appropriations Acts for Fiscal Years 2014-15 and 2015-16, and Agency for Health Care Administration (AHCA) billings.

Per section 40, Chapter 2015-232, GAA (SB2500) Laws of Florida, the unexpended balance of the HCBS Waiver category is reverted and appropriated for FY 2015-16 in the Lump Sum – Home and Community Based Services Waiver category (092003). This reversion was posted before the June 30, 2015 invoice was paid and before a certified forward payable was established. As a result, the June 2015 invoice and all subsequent invoices for FY 2014-15 were paid from FY 2015-16 current year funds.

Appropriations and Expenditures Information

Services are authorized by APD through individual cost plans. The recipient uses these authorized amounts to purchase services permitted in the cost plans. Service providers directly bill AHCA for payment and are permitted to bill up to one year after the service date. APD uses its Allocation, Budget, and Contracts (ABC) data system for approved cost plan amounts and AHCA's Florida Medicaid Management Information System (FMMIS) data set for actual expenditures. The combined analysis of these data provides insight as to the actual utilization of services compared with the clients' authorized service plans.

Each month, AHCA submits an invoice to APD for provider payments made for waiver recipients. In turn, APD initiates a journal transfer to pay the invoice. In any given invoice, multiple service months are being reimbursed and frequently a payment will be for prior fiscal year claims. This creates a nonlinear relationship between the expenditure of APD appropriations and the actual claims paid on behalf of the program. Variable matching rates increase challenges in reconciling accounts.

The table below shows the actual state share of payments for invoices of AHCA billings from service providers for APD waiver programs. As the OMTF is a double budget entry, only those payments authorized to use unrestricted cash balances are charged to the trust fund.

Note: Per section 40, Chapter 2015-232, GAA (SB2500) Laws of Florida, the unexpended balance of the HCBS Waiver category as of June 30, 2015 was reverted and appropriated for FY 2015-16 in the Lump Sum – Home and Community Based Services Waiver category (092003). As a result, the June 2015 invoice and all certified forward invoices for FY 2014-15 were paid from FY 2015-16 current year funds.

Expenditure Outlook Information

This report provides actual payment amounts to AHCA. Each month's payment reduces the available balance. Providers can submit claims for up to 12 months after the date of service, therefore, there is a gap between the date of service and date of payment. The actual expenditures in FY 2015-16 for moving individuals off the waitlist will reflect a phased in enrollment and a period of 3-6 months typically needed to develop personalized support plans. These factors will result in a delay in expenditures for FY 2015-16. However, this budget will be needed in FY 2016-17 to annualize these individuals' finalized iBudget allocations.

Service Utilization

APD monitors claims data and publishes data sets based on services provided. As the data sets are not final until AHCA compiles and adjusts the amounts, the totals are preliminary and useful in forecasting expenditures and service utilization. However, these totals do not represent the exact final amounts due. This table constitutes a consolidated view of all services for iBudget and CDC+ data.

- (a) APD has received an invoice for June 2015 in the amount of 97,246,008.72 from AHCA that also includes the June 30 FLAIR date posted for vendor payment July 1st, and therefore identified in APD systems as a July expenditure. The change in billing date compilation at AHCA from Check Date (a Wednesday) to FLAIR Date (a Tuesday) will periodically cause a week to be billed in the preceding month's invoice, however be shown in agency data aligned with the applicable month associated with the Check Date, or Paid Date. These instances will offset between the two affected months. APD has now received an invoice for July 2015 that does not contain the July 1st week previously paid by APD and shown in agency data as a July expenditure. .
- (f) APD has received an invoice for March 2015 in the amount of \$95,327,116.22 from AHCA that included the first week of April. There has been a change in billing data compilation at AHCA from Run Date (a Wednesday) to FLAIR Date (a Tuesday) which will periodically cause a week to be billed in the preceding month's invoice, however be shown in agency data for the month associated with the Check Date, or Paid Date of the following month. The invoice for April will start at the second week, thus the data compiled by APD will be offset between these two months.
