

Pulling the WSC Medicaid Waiver Eligibility Worksheet Due Report

Introduction

APD clients who wish to participate in the iBudget Florida Home and Community-Based Service (HCBS) waiver must meet the level of care criteria for placement in an Intermediate Care Facility or Individuals with Intellectual Disabilities (ICF/IID) and must also be eligible for Medicaid under Supplemental Security Income (SSI) or Title 19 (TXIX). The iBudget Florida HCBS Waiver Eligibility Worksheet is the document used by the agency to record the client's level of care, Medicaid eligibility, and choice for participation on the waiver.

Waiver Support Coordinators (WSCs) are responsible for ensuring that the HCBS Medicaid Waiver Eligibility Worksheet is completed within 365 days of the last completed HCBS Medicaid Waiver Eligibility Worksheet for every client on their caseload. A report can be generated in iConnect, to assist the WSC in determining when the next HCBS Medicaid Waiver Eligibility Worksheet is due.

REMINDER: Personal Health Information (PHI) will be included when exporting the WSC Medicaid Waiver Eligibility Worksheet Due report. It is the responsibility of all iConnect users to ensure that their systems follow all HIPAA requirements.
